Subject: Dimock - ceiling Increase

Just to let everyone know I got OEM concurrence tonite on the ceiling increase for Dimock from Larry Stanton. I have called Rich Fetzer and given him a verbal approval so he can proceed with increasing his ERRS delivery order for water. I will confirm my verbal approval in a email to Rich and copy each of you. Stanton agreed to an increase of \$125K for a total ceiling of \$225K. Thanks, den.
